SINCEPHETELO MOTOR VEHICLE ACCIDENTS FUND MEDICO-LEGAL EXAMINATION, TREATMENT AND REHABILITATION TARIFFS STRUCTURE

By SMVAF CEO : Khangeziwe Mabuza

This document outlines the approved medical tariffs applicable to healthcare services, providing a standardized framework to guide billing, reimbursement and compensation practices for medico-legal examination, and treatment and rehabilitation of accident victims. The tariffs have been developed to promote transparency, fairness, and consistency across healthcare providers while ensuring that quality care remains accessible and sustainable. They cover a wide range of services, including

consultations, examinations, procedures, and related medical interventions, and are aligned with current regulatory requirements and economic considerations.

These tariffs will be implemented effective from the 1st January 2026 and reviewed annually in line with medical inflation to reflect changes in healthcare costs, policy developments, and advancements in medical practice. As such bills already submitted and processed will be revised particularly in instances where the service provid-

er is made worse off by this tariff structure.

The SMVAF will create a platform for annual tariff review discussions and contribution by healthcare professionals, regulatory authorities, and other key stakeholders in the betterment of this document. All users are encouraged to adhere to these tariffs to support an efficient, equitable, and accountable healthcare system.

NB: *These tariffs are not applicable to government facilities and mission hospitals that provide these services.*

SMVAF BENEFITS

The Fund is committed to meeting the needs of our claimants and the key to do that is providing quality service.

01

Funeral Claim

People who have lost relatives to a road traffic accident within the country have the right to claim compensation for funeral costs. What should be noted here is that proof of expenditure must be produced.

02

General Damages

General Damages are offered to the claimant for pain and suffering, disfigurement, loss of advantage or loss of amenities. It could be referred to as "sorry money".

03

Personal Injury

These are past medical expenses reimbursed to a claimant only when proof of expenditure has been produced, and future medical expenses determined mostly through the services of various medical experts.

04

Loss of Support

Where a breadwinner has died in a road traffic accident, his/her Dependants have a right to claim loss of support from the Fund.

05

Loss of Earnings

Past loss of earnings or income is offered where the claimant due to his/her injuries was unable to work and as a result lost income before he/she was made an offer.

SMVAF 2026 TARIFF SCHEDULE

Services & Consumables | Valid: 01 April 2026 – 31 March 2027 | Private Facilities Only
